REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the prior art in the record fails to disclose, teach or suggest to use filter means for creating a sound recording to be reproduced by a pair of closely-spaced loudspeakers. When the created sound recording is being played through the loudspeakers, the phase difference between the loudspeakers is varied from substantially out of phase at low frequencies to in phase at high frequencies. The lowest frequency at which the vibrations are in phase is specified in the equations in claims 1 and 23.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ping Lee whose telephone number is 571-272-7522. The examiner can normally be reached on Monday and Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vivian C. Chin can be reached on 571-272-7848. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
